Mr. R follows a sound business procedure in the choice of his EXECUTOR and TRUSTEE

"Whenever I have had occasion to choose an executive for my business," said Mr. R, "I have selected a man of experience, one with a record of successful accomplishment in my particular line of business. I attribute my success chiefly to this procedure; putting the right man on the job.

"And now, I have applied this same common sense in choosing an executor and trustee for my estate. I know that the successful administration of my estate will be dependent upon the ability and experience of the one I select. It will require experience in the handling of

property, experience in investment and tax matters, and facilities for prompt, accurate, and economical handling of all operating and accounting details.

"So I have named the Hospital Trust Company which has a record of successful service in the management of property for families like my own over a period of 67 years."

Many persons feel as Mr. R does. They name this Company as executor and trustee of their estates rather than place the responsibility upon members of their families or their friends.

FROM STONE TO STEEL

THOUSANDS of years ago, a skin-clad workman pounded away with a cobblestone on a slab of hard rock. In a few years, that slab might be passably square and smooth.

Today, busy machines, supervised by trained workmen, pare off crisp, curling ribbons from whirling blocks of steel, as one would unwind ribbon from a spool, shaping the metal to a thousand purposes—to an accuracy within a few ten-thousandths of an inch.

CARBOLOY—a modern tool material developed by General Electric research—has made possible this speed, this precision. It cuts materials hitherto unworkable—cuts faster and holds its edge longer than steel tools—can be run at red heat without losing its temper.

CARBOLOY is only one of the contributions made to improved industrial processes by G-E research—research that has saved the public from ten to one hundred dollars for every dollar earned for General Electric.

The Next President of Brown

BROWN UNIVERSITY
PROVIDENCE, R. I.

September 16, 1935

MR. ROYAL W. LEITH, *President*
Associated Alumni of Brown University,
75 Federal Street,
Boston, Massachusetts.

Dear Mr. Leith:—

The Special Committee, lately appointed by the Advisory and Executive Committee, "to bring before the Corporation the name or names of a nominee or nominees for a successor to the office of President when the same shall become vacant," assembled on September 12th, all members being present, and effected organization by the election of the undersigned as its officers.

Through you, as President of the Associated Alumni, the Committee wishes us to convey to the numerous Alumni, scattered through the country, its earnest hope that any Alumnus, wishing to do so, will feel free to assist by bringing confidentially to the attention of the Committee the name or names of parties of special fitness, of proved distinction, or of real promise, who may well receive consideration for the office of President of Brown University.

Suggestions made by any Alumnus and recommended for review, should be made in writing, with a statement as to career and special qualifications for the office; they should be forwarded to the Chairman of the Committee, at the address indicated below.

Yours very truly,

**A Letter and
a Commentary**

TO the Alumni of Brown University: The newly appointed Committee of the Corporation to nominate a successor for the office of President of Brown University brings to each one of you the opportunity of making suggestions of suitable prospects for this office.

At present a special committee, appointed by the Executive Committee of the Associated Alumni, is at work to state the ideas of the Alumni upon the qualifications desired in the next President of Brown University. The work of this Committee, however, in no way conflicts with the opportunity afforded each individual alumnus to suggest confidentially suitable names to the Chairman of the Corporation Committee, Mr. Henry D. Sharpe.

The First Annual Homecoming

MORE Brown men will be in Brown Field Saturday afternoon, October 19, than at any time since the stadium was dedicated. Or so, at least, the word goes around. The occasion will be the football game against Dartmouth, the first major event on the year's sport calendar, and that in itself would be sufficient of a drawing card to New England football enthusiasts, Brown men included.

But the Brunonians will be back in Providence for more than a football game. The whole week-end is set aside for the first annual Fall Homecoming for the alumni of Brown, their families, and their friends. A glance at the program for that week-end will show that there is ample reason to expect something gala.

The chief attraction in company with the Dartmouth game will be Friday night's Brown Dinner, when everything will be on a large, informal scale, but other supporting events will contribute to the variety and interest. Spectacular demonstrations will be given in the scientific laboratories, all lectures will be open to the returned grads, and opportunity will be provided for renewing faculty friendships. A soccer game, also with Dartmouth, will round out the athletic program, while fraternities, clubs, and individual Providence alumni are arranging reunions and hospitality for their own particular groups. It takes little imagination to piece out the bare skeleton of events with the fine possibilities each one holds in store.

STEALING NO THUNDER

THE annual Alumni Homecoming is designed in no way to compete with Commencement, Visiting Day, or any of the other events which from time to time bring the sons of Brown back to her campus. But the committee which is bringing the Homecoming into being believes it will more than justify its place in the University year. It will have a function of its own.

"Commencement is still the crowning event of the year," says Paul C. DeWolf '05, Chairman of the Homecoming Committee, "and in interest and importance we still rate it considerably above the King's Jubilee.

"But the reunions at Commencement time usually take the alumni down the Bay to Wickford, Narragansett Pier, Watch Hill or some similar setting for their fun. Reunions don't necessarily bring Brown men back to the Brown campus. We wanted an event that would.

Starred Events on the Program for the Alumni Homecoming

Friday, October 18—

- 3 p. m. Brown-Dartmouth varsity soccer game. Aldrich Field.
- 6:30 p. m. Welcome to alumni by Corporation, Administration and Faculty. Brown Gymnasium.
- 7 p. m. First Annual Homecoming Dinner. Brown Gymnasium.

Saturday, October 19—

- 9 a. m.-12 noon. Special demonstration lectures for alumni. All morning classes open to them as well.
- 2 p. m. Brown-Dartmouth varsity football game. Brown Field.
- 5 p. m. on. Fraternity teas, dinners, and dances.

"Since we wanted it in the Fall of the year, the logical thing to do was to hold it in connection with some big home athletic event. But it is not a football rally. It is a homecoming with football just one of the features in an extensive program of activities, all planned to keep our personal and University contacts alive.

"Notice that our invitation to alumni to come back omits no one. The majority of class reunions, coming every five years, thus affect only one-fifth of the alumni. Homecoming reaches all. Visiting Day in February has a function that is essentially academic, involving only a few hundred alumni who are on Visiting Committees of the various Departments of the University. When the delegates from the Brown Clubs from all over the country come back for the annual meeting of the Advisory Council, it is

essential to the efficiency and strength of the Associated Alumni. They represent the host of loyal alumni affiliated with the various clubs and take back inspiration to them. The Homecoming will not disturb the function of any of those other days and would steal no thunder. It has its own mission and a wider appeal, and so it extends a universal invitation to every son and friend of Brown to come back to the campus, to renew all the ties that centre there.

"Early in our planning we found that alumni welcome the chance to return to Brown at such a time, when so many others would be attracted. All of the Brown Clubs are co-operating with us splendidly. There is no reason why our experience with this first Homecoming should not be as happy as that of other universities which have sponsored similar occasions—as happy or happier. Brown's invitation couldn't be more cordial. We know every homecomer will feel fully repaid."

ANTICIPATING A COMEBACK

DARTMOUTH, which opened its season on the gridiron impressively a week before the Brown Bear, can be counted on to provide colorful football under its new Blaik regime. The Bruins, with a revamped offensive style and a willing squad, will have their hearts set on a comeback and, at Dartmouth's expense, their first major game triumph since 1933. There will be thousands of loyalists in the stands with that same confident hope.

Special arrangements are being made for seating the alumni at the game. They are urged to organize their parties

and make application immediately, if they have not already done so.

A delegation of Brown's most prominent alumni will arrive in Providence for the annual fall meeting of the Corporation on the morning of the 18th. During the day, when hundreds are expected to pour into the city, fraternities will throw open their doors, and Providence alumni can be counted on to extend informal hospitality to their friends.

The first official event on the Homecoming program is the Brown-Dartmouth soccer game, to be played Friday afternoon at 3 at Aldrich Field, and the athletic authorities believe that the sport, added at Brown since most of the alumni were graduated, will prove of surprising interest to them. Brown's soccer team ought to be as strong as the 1934 one. The game is scheduled under the New England Intercollegiate League.

THE DINNER IN PROSPECT

FOR the big Brown dinner in the gymnasium Friday night the committee is sparing no effort so that good food, good company, and good cheer will be its attributes. While the game the next day may lie in the lap of the gods, Brown men are confident of the outcome of the dinner.

It will be preceded at 6:30 by a period of welcome to the alumni by Corporation, Administration, and Faculty. The committee disdains to call these informal amenities a reception.

Royal W. Leith '12, of Boston, President of the Associated Alumni, will introduce the toastmaster of the evening. And in the choice of Col. H. Anthony Dyer '94 for that post, there is guaranty of a merry evening. President Clarence A. Barbour '88, Everett Colby '97 of West Orange, N. J., and Clifford S. Anderson '00 of Worcester, Mass., are to be the principal speakers, while Governor Theodore Francis Green '87 will briefly bring the welcome of the State of Rhode Island. The Brown Band under Winton L. Slade, Jr., '36 will play at the dinner, while the University Glee Club under Professor Arthur B. Hitchcock will also contribute to the music of the evening. Berriek Schloss '04 will see to it that Brown songs do not languish.

Arrangements are complete for the installation of an amplifying system so that no item of any speaker will be lost in the reaches of the gym. Science has marched ahead since a certain ill-starred Commencement luncheon, and no one need be deterred by that one glum memory. These speakers will be heard. Appropriate decorations will add to the spirit of the occasion, according to the Brown Club of Providence, which is co-operating with the arrangements and handling the distribution of tickets. They promise to care for the comfort of all, no matter how many. Professor William H. Kenerson, who is in charge of the program, reminds the alumni that there is plenty of free parking space on the University property across from the gym.

A REASON FOR RISING

ALUMNI who keep academic hours and get up in time Saturday will be well rewarded. Special classes have been starred with a view to their general interest when taken out of the context of the year's work, but the alumni and guests are welcome at any of the morning lectures. Many an old grad (and young one, too) will probably take the opportunity to renew his friendship with his former professors. Exhibits will be on view in the libraries and in the Faunce House galleries, while the selections from Carnegie Institute's phonograph collection will probably be heard in the Faunce Memorial Room.

If You Don't Sleep Till Noon

DO you ever see a sound wave standing on a string? Do you appreciate the parlor manners of liquid air? Are you a fast reader or a slow one who would have his eye-movements and reading habits analyzed by the latest apparatus? Would you be interested in the electric eye in action or in watching electrons taken off the dole and put to work?

If you would, just come back to the campus for the Homecoming week-end, and listen for the bell on U. H. at the proper hour on Saturday morning. It may mean getting up before noon, but you'll find it worthwhile.

These are some of the special demonstrations arranged on the Homecoming program to give the alumni a taste of what's new and curious on the academic side of college life. These features are described in more detail in the general story on the Homecoming on these pages.

In the field of science, the subcommittee under Professor James A. Hall '08 has arranged four demonstration lectures that will have enough of the spectacular to give them a general appeal. At 9 o'clock Professor Miller will give an illustrated talk on sound, demonstrating various phenomena related to the pitch or frequency of sound, both in the audible and the supersonic region. The physical basis for differences in the quality or timbre of a musical sound will be demonstrated by direct oscillographic experiments and also with the help of phonograph records produced by the Bell Telephone Laboratories. Some of the interesting phenomena connected with wave motion, such as standing waves on strings and vibrating plates, will be shown. This lecture of Professor Miller's will be given in Wilson 1.

Also at 9 o'clock Professor Norris W. Rakestraw of the Department of Chemistry will be giving a regular lecture to one of his divisions of first year chemistry. It is to be a demonstration lecture in the Metcalf Auditorium on the "Properties and Behavior of Liquid Air." The lecture will be complete in itself, and alumni and guests have been given a cordial invitation by the department to attend it.

PAUL C. DeWOLF '05
Chairman of the Committee for the Homecoming

At 10 the interest will shift to the Department of Psychology where Professor Harold Schlosberg and Professor Leonard Carmichael will present a demonstration, of a modern apparatus by means of which the movements of both eyes may be photographed as reading takes place. The psychology of the process of reading will be briefly explained and photographs made of the eye movements during reading of a few visitors who may wish to have this done. A study of the photograph thus made, which will be developed at once, will make it possible to characterize accurately the nature of the reading eye-movements of the individuals whose reading has been photographed and thus to discuss the cause of slow, fast, or unusual reading.

In the Engineering Building at 11 o'clock Professor Frederick N. Tompkins of the Division of Engineering will give a talk entitled "Putting Electrons to Work." This will be accompanied by numerous demonstrations illustrating the remarkable applications of vacuum and gas-filled tubes of all kinds, and of the electric eye or photoelectric tube and its allied apparatus to modern science and industry. At 11, also, Professor Rakestraw will repeat his lecture on liquid air for the second division of the chemistry class, and alumni and guests will be welcome either then or at 9.

FRATERNITY PLANS AFOOT

EVEN the Police Department of the City of Providence has entered into the spirit of the day in extending an unusual courtesy to the alumni. The parking ban around the campus will be lifted for the morning. Ordinarily the whole University community is subject to considerable restriction, especially up to 10 o'clock.

Breakfast and lunch will be served at moderate cost in the Faunce House cafeteria each day, while on Saturday the Faculty Club and the University Club will hold open house for alumni and friends.

The committee which planned the Homecoming realized that to many of the alumni their fraternities would figure

importantly. Consequently, ample time was afforded in the program for the returning brother to visit his chapter house. For the afternoon and evening hours after the football game on Saturday, too, the committee has urged each fraternity to arrange some suitable event for their own alumni groups, and most of them have definitely scheduled teas, receptions, dinners, smokers, tea dances, or evening formal dances. In addition Providence hotels and country clubs will doubtless offer special entertainment for the evening.

Special week-end rates will be available on the New Haven railroad and the steamship companies, while the committee for the Homecoming says it is "arranging special hotel rates" for the alumni. Fraternity house spare beds are being thought of, too.

All alumni should have had application blanks for the Dartmouth game ere now. The reserved seat tickets (\$2.20) may still be bought from the Brown University athletic offices and elsewhere in Providence. Tickets for the Friday night dinner are available at \$2.00 each from Charles J. Hill '16, 66 North Main Street, Providence; Nelson B. Jones '25, Faunce House; or from any member of the Executive Committee of the Providence Brown Club.

The Homecoming Committee, in addition to its chairman, includes: President Barbour, Professor Kenerson, Mr. Leith, Earl M. Pearce '17, President of the Brown Club of Providence; Vice President James P. Adams; Dr. Frederick W. Marvel '94, Director of Athletics; Alfred H. Gurney '07, Alumni Secretary; Mr. Hill, Victor A. Schwartz '07, Charles P. Sisson '11, Mr. Jones, Joe Nutter '24, and Stanton P. Nickerson '31.

Three Letters in the Mail

A MEMBER of the Class of 1935 has just written as follows: "I am enclosing my pledge to the Brown Alumni Fund. I have just obtained a job and I am pleased to send this out of my first week's salary."

A letter has just been received from a former student who was an undergraduate at Brown 35 years ago. He enclosed a check for \$200 and indicated that it was in repayment of scholarship grants which he received from Brown University. He writes: "For a long time I have felt that to repay at least this principal sum was an obligation that I wanted some day to discharge. Fortunately, I can do it now. You will, therefore, find enclosed my check for \$200 and I assure you that it is a great pleasure to be able to send this money."

From the other side of the world, more than 10,000 miles from the Brown campus, came an interesting letter last week from a Brown man who was graduated more than 25 years ago. He writes: "Enclosed please find my check for \$50 for the Alumni Fund as a partial acknowledgment of the scholarship aid which I received while I was in Brown University."

Langley's Latest Work

Allan Lincoln Langley's new work, "Gemuetlichkeit," was played for the first time by the Brooklyn, N. Y., Symphony Orchestra at a public concert in Brooklyn, Sept. 19. Langley, who has been called "The American Strauss," is a member of the class of 1914.

The Year Begins

"PROBABLY no other class has ever entered Brown which has been selected with greater care," says Dr. Bruce Bigelow, Director of Admissions, of the class of 1939, Brown University's 171st. More than 375 young men, who enrolled for the opening of college on September 25, were chosen from the largest number of applicants in the University's history.

They came to the campus a week before the other classes returned and for a week, at least, were kings. There was a round of suppers, receptions, rallies, meetings, and a week-end camping trip arranged for them by the Brown Christian Association, the Brown Union, and a special Graduate Committee.

An information booth in Faunce House made settling easier for the newcomers. On their first night the Brown Band circled the campus to round the Freshmen up for a smoker that featured Brown cheers and songs, together with informal talks by President Barbour, Dean Arnold, and Earl Pearce, President of the Providence Brown Club. The next night a band rally preceded a Dutch treat supper, followed by speeches by the coach of varsity football and various student leaders. A Sock and Buskin performance, directed by Rufus C. Fuller '21, was the climax. Football practice was thrown open to their inspection on Saturday morning, while they journeyed to Camp Yawgoog in Hope Valley for the week-end. Faculty and Administration met the Freshmen in a reception on the night following their return to town.

During all this entertainment, however, the serious work of the University was getting under way. There were psychological examinations, conferences with faculty advisers, orientation lectures, and physical exams. The latter were conducted by Drs. Alex Burgess, Charles A. McDonald, and Wilfred Pickles, while Professor Andrew MacPhail was in charge of the psychological tests.

Of the incoming class, more than usual are said to live outside of New England. More sons of Brown men than ever before are among the Freshmen.

K. Brooke Anderson, in charge of undergraduate employment, says more students seem to have found vacation work this year than for several summers past. "This isn't sound politics, I know," he added on one occasion, "but if it weren't for the ERA of the last two years and WPA this year I don't know where many of our boys would be." About the same number of Freshmen have applied for scholastic aid as a year ago, according to Dr. Bigelow.

The University staff of instruction includes 43 new men, Dr. Barbour announces. This year's changes will bring to the University faculty four men of professorial grade: Professor Joachim Wach of the University of Leipzig, Germany, who will be visiting professor of the history of religions; Professor Arthur H. Tebbutt of the Harvard Graduate School of Business Administration, who will be assistant professor of economics; Professor Detlev W. Schumann of Swarthmore College, assistant professor of German; and Professor Jean Albert Bede, associate professor of French literature.

In addition, 10 instructors appear on the staff of instruction for the first time this year. They come from Brown and from other colleges and universities in all parts of the United States, where they have been doing graduate study, teaching and research.

Death Takes Two Servants

BROWN UNIVERSITY suffered the loss of two of its most distinguished servants late in September through the death of Dr. Carl Barus, the internationally known physicist who had been Dean of its Graduate Department for two decades, and Edgar L. Marston, a Fellow and benefactor of the University over a long period of years.

Dr. Barus died in Providence on September 20 at the age of 79. He was a former President of the American Physical Society and had received the Rumford Medal of the American Academy of Arts and Sciences, one of science's highest awards. He had been Professor of Physics at Brown from 1895 to his retirement to the company of the emeriti in 1926. President Barbour and a host of other Brown men attended his funeral in the First Baptist Meeting House on September 23.

On that same day, September 23, Mr. Marston died in California. While not an alumnus of Brown, he had been devoted in her interests, serving as a Trustee from 1902 to 1915 and as a member of the Board of Fellows from 1915 until his death. Marston Hall, the home of the Modern Languages, is but one evidence of his benefactions upon the Brown campus. He is survived by Hunter S. Marston '08, who is also a member of the University Corporation, Edgar J. Marston '11, and Mrs. Lawrence Tibbett, his daughter.

A Curriculum Revision Pending?

"VERY real changes" will be made in the curriculum of Brown University if proposals approved by the Board of Fellows also receive approval by the Advisory and Executive Committee, to which group they were referred. The action was taken at a special meeting of the Board of Fellows late last month, with the following present: President Barbour, Dr. Hermon Carey Bumpus '84, secretary; Chief Justice Charles Evans Hughes '81, Albert L. Scott '00, Governor Theodore Francis Green '87, Dr. Charles N. Arbuckle, Zechariah Chafee '80, Dr. Waldo G. Leland '00, and John Nicholas Brown.

The curriculum changes, if adopted, would not take effect until next year, at the earliest.

Taxes for New Jersey

GEORGE W. GRIMM, JR., '20, Deputy Tax Commissioner, has had the trying task in recent months of getting together an organization to collect New Jersey's bitterly-fought sales tax. With Commissioner J. H. Thayer he wrote the sales tax act which is expected to bring New Jersey about \$20,000,000 a year. Governor Hoffman had a share in celebrating Grimm's 37th birthday at Sea Girt on July 11.

Two Times Master

DR. ALLEN K. KRAUSE '01, recipient of the honorary degree of Doctor of Literature from Norwich University, Northfield, Vt., last June, was cited as follows: "To Allen Kramer Krause, Master alike of the arts of healing and expression; lineal 'son in the faith' of Robert Koch; who has combined, for the benefit of afflicted humanity, the forces of science and nature, the degree, Doctor of Literature."

The Kickoff for 1935

FIFTY football hopefuls, candidates for the varsity "B" in 1935's campaigning, had earned their "X" as unknown quantities as the Brown season began. Pessimists could not erase the memory of a drab 1934, but optimists took satisfaction in a number of factors. Coach Tuss McLaughry, who ought to know better than any one else, gave support to each opinion by saying that he sees little prospect for a mediocre team. "The Bruin will be very good or very ordinary," he said.

The Brown coach seemed most concerned over the backfield situation and devoted the major portion of his attention to the aspirants here. While only two men who started the Colgate game last Thanksgiving remain in the line, it begins to be apparent that the Bear will probably have two capable lines. And, while the backfield of the final game lost only Captain Bill Karaban, it seemed that the backs had far to go.

Certainly if spirit will make a team, the 1935 eleven should be a successful one. The players seemed to realize that nearly all of the positions were open, with the result that there has been a lively, serious scramble for them. They have gone into scrimmages as though their lives depended on the outcome, and this determination and willingness to work characterized all the early season sessions.

THE squad returned to the campus early, on September 12, three weeks and two days before the opening game with Rhode Island State. It was the first time since 1928 that so much time had been given to preliminary work; and, incidentally, is a schedule of practice that is patterned identically after that of 1928, when Brown lost only to Yale.

Gone by graduation, ineligibility, or retirement are such stalwarts as Capasso, Ball, Karaban, Batchelder, Chapin, Fraad, Lear, Henry Hart, Rea, Spinney, Taft, Appleyard, Eckert, Perry, and Olson. Returned were 11 letter-men: Burt, Elrod, Captain Emery, Harrie Hart, Kuhn, Lynch,

O'Reilly, Ostergard, Payne, Stanhope, and Summerfield. Shaw, Sharkey, and Akstin, ineligible last year, were in the thick of the fight, and the Sophomores, who outnumbered the members of other classes on the squad, were demanding attention early.

First serious casualty of the year was Captain Don Emery, who broke a bone in one of his fingers and missed the opening game thereby. McLaughry, however, still had a good understudy in Dave McGovern, while two Sophomores, Mike Turcone and Floyd Hinckley, were also available, although Turcone is also a guard candidate and Hinckley an end. Turcone, Senecal and Hawley were three of the Sophomores challenging the veterans Leon Payne, Steve Armstrong, and Bob Mangiante for a guard post. Veterans at tackle were Luther Stanhope, Vernon Beaubian, and Bob Johnson, with Leigh Lynch reporting late after an African cruise. Saklad had been transferred from the end squad, and with Shaw, Cashman, and Sophomores Cioci and Horowitz, was also in contention.

Brown may have big ends for the first time in years, for weight and height mark most of the aspirants. The talent here seemed evenly spread with three veterans (George Kuhn, Charlie Summerfield and Freeman Love) closely matched by five of the Sophomores (Adolph Sharkey, Victor Petrone, Floyd Hinckley, Alan Swartz, and John Certuse).

BACK of the line, the fight was waged merrily. In the first backfield, the coaches seemed to be working Forrest Pease, Warren Ostergard, and Mickey O'Reilly of last year's team with Meyer Greenberg, Sophomore hopeful, as fullback. But they were having topnotch competition from such veterans as Perry Elrod, Guy Burt, Harrie Hart, Bob Love, and Eddie Neal; from Arthur Akstin, ineligible last year under transfer rules; and from Sophomores Frank Bartlett and Hinckley, suddenly converted just before the opening game.

Even the line-up that started against Rhode Island could not be sure of its posts, for McLaughry had named them

only on the eve of the game and was far from dubbing them his permanent varsity.

The Brunonian coach has declared in favor of a new system that will be used this season. The triple wing-back set-up that thrice carried the Bruin to within threatening distance of an Eastern title, has been discarded for the present, at least, and the McLaughry modifications and innovations are said to hold promise. There are new uniforms, new faces, and new hopes. How far Brown makes use of the freer play given the lateral, remains to be seen. It was emphasized in spring practice and has not been neglected this Fall, but its adoption will probably be along conservative lines.

McLaughry's 1935 staff includes Thurston Towle, end coach; Paul Hodge, line coach; and Dr. Walter H. Snell, scout and Pollywog coach.

Of pre-season sports writers trying to dope Brown from

afar, Andy Kerr of Colgate professed to see "a notable improvement at Brown." Another saw a parallel between the outlook this fall and that dubious one which greeted McLaughry in 1926, the "Iron Man" year. It's open season on hoping.

The Freshman Football Schedule

The Brown freshman football team will play a schedule of five games this season, four of them at home.

The schedule: Oct. 26, Rhode Island State freshmen; Nov. 2, Worcester Academy; 9, New Hampshire University freshmen; 15, Harvard Junior Varsity at Cambridge; and 23, Boston University freshmen at Providence.

Coaches Bill Gilbane and Henry Letoile have a squad of 51 candidates.

League Games in Soccer

THE Brown varsity soccer team will play a schedule of eight games this season, all but one on opponents' fields. Six of the eight are New England Intercollegiate Soccer League encounters.

The schedule follows: Oct. 5, Yale at New Haven; 12, M. I. T. at Cambridge; 18, Dartmouth; 26, Worcester P. I. at Worcester; Nov. 2, Harvard at Cambridge; 6, Clark at Worcester; 15, Tufts at Medford; and 23, Springfield at Springfield. The Yale, M. I. T., Dartmouth, Harvard, Tufts and Springfield games are League contests.

The freshmen soccer team will engage in two games, Oct. 23, Worcester Academy at Worcester; and Nov. 2, Harvard freshmen at Cambridge.

Sam Fletcher will again coach both teams.

Consular Promotions

FOREIGN service changes have affected two Brunonians recently. Ely Eliot Palmer '08, American Consul at Jerusalem, Palestine, for the past year and a half, has been assigned to the American Legation at Ottawa, Canada, as consul general and counsellor. Late in August he was named as a secretary in the diplomatic service by President Roosevelt, and his new appointment followed shortly after.

Cecil M. P. Cross '15, career man in the United States foreign service, has become associate consul at Paris, with the added duties of disbursing officer for the Western European district. He has been at Cape Town, South Africa, and Barcelona, Spain, in recent years, and his advancement to the post at Paris is a distinctive one.

With the Faculty

PROFESSOR S. J. BERARD of the Division of Engineering has edited the revision of an important book on Engineering Drawing for D. Van Nostrand & Company, New York City. The author's preface is of interest, an excerpt saying: "Finally, the author acknowledges a very real indebtedness to Professor S. J. Berard of Brown University who reviewed every word of the manuscript and critically examined every illustration. His many suggestions and contributions have added greatly to the value of both the text and the problems."

Professor Leonard Carmichael of the Department of Psychology is a nominee chosen for appointment to the Division of Anthropology and Psychology of the National Research Council by the American Psychological Association. He is also Chairman of the Committee on Special Developmental Periods of the Society for Research in Child Development. The Society is an inter-departmental organization, including anthropologists, anatomists, physiologists, pediatricians, psychologists, and others interested in the scientific study of human development.

Professor Raymond C. Archibald of the Department of Mathematics has just been made Vice-Chairman of the Committee on the Celebration of the Semi-centennial of the American Mathematical Society in 1938 and Chairman of the Program Committee.

Professor J. D. Tamarkin of the Department of Mathematics lectured for six weeks at the summer school of the University of Pennsylvania.

New York's Sub-Freshmen

THE Brown University Club in New York opened its fall season Sept. 11 with the annual sub-Freshman luncheon. Ralph M. Palmer '10, chairman of the interviewing committee, presided and introduced as speaker former Dean W. Russell Burwell '15, who gave a thoroughly enjoyable talk. Forty-four sub-Freshmen were present, as well as Robert L. Brush '38, winner of the 1934 Brown Club Scholarship, and Benjamin Ambrosini '39, this year's winner.

The guests were well looked after by a large number of alumni and upperclassmen, and the luncheon program was smartly carried out.

At the Club dinner Sept. 25, two international yachtsmen of renown, C. Sherman Hoyt '01 and Professor Kenneth S. M. Davidson of Stevens Institute of Technology, told lively sidelights about yacht races and yachts. Last June Hoyt sailed on Vamarie in the ocean race from Newport to Bergen, Norway, and Davidson was on Stormy Weather, which won after many thrills and experiences. President Harvey N. Davis '01 introduced the speakers.

Ralph M. Palmer, new chairman of the Entertainment Committee, is ably assisted

by Dutee Hall '20, Joseph F. Halloran '16, Allen B. Sikes '23, John K. Starkweather '13, and John T. Winterich '12. W. R. Burwell, new chairman of the Membership Committee, has for his aides: George R. Coughlan, Jr. '31, Christie E. Cuddeback '21, John M. Curtis '30, W. Lincoln Fogarty '31, Hugh W. MacNair '17, Robert S. Trowbridge '27, and Robert W. Wolte '33. Incidentally, this committee recently issued a booklet setting forth an illustrated description of the club facilities that is very effective.

The annual fall squash tournament and a Sunday afternoon tea (a Ladies' Day affair) are being arranged for October.

Brunonians Far and Near

BY A. H. GURNEY

1867

Martin S. Smith, Commander of the Rhode Island Department, G. A. R., was the only Civil War veteran from Rhode Island to attend the national encampment of the G. A. R. at Grand Rapids, Mich., last month. He rode in the parade, and a newspaper dispatch said: "Mr. Smith is the centre of much interest and attention wherever he appears, wearing the coat of blue which he wore in active service in the Civil War."

1875

In his work as a commercial chemist, Thomas Stantial Gladding has come to be known as a "scientific detective," says a writer in a recent issue of *Industrial and Engineering Chemistry*. And his work has made him a constant traveller, too, for he has been called in as an expert in litigation in many foreign countries.

He was instrumental in a successful defense of the oleomargarine laws by the State of New York. He was able to furnish testimony which helped the New York Fireproofing Co. to establish the validity of their patents in the courts of England and Canada. Once he journeyed to the Seranilla Keys in the Caribbean to examine and report on fertilizer deposits, his findings subsequently being shown entirely correct. Off to France on another occasion he went to prove the purity of large shipments of lard from the South.

His many contributions to the field of analytical chemistry have been cited by the American Chemical Society, says the writer, who recalls that Mr. Gladding's first partner was the late Charles M. Stillwell '66. Mr. Gladding now lives near Easton, on Maryland's eastern shore.

1879

Dr. Walter L. Munro's paper, "Early Medical History in Rhode Island and the Rhode Island Medical Society," given before the Friday Night Medical Club of Providence last spring, has been reprinted from the *Rhode Island Medical Journal*. One of his highly interesting facts is that Providence in 1700, with a population of 1,400, had no doctor. His story of Brown's School of Medicine, opened in 1811, with "no endowment, no provision, save fees, for payment of professors, no library, no laboratory, no clinics," is also vividly told.

1881

Col. Henry B. Rose's wife, Florence Slade Rose, formerly regent of Esek Hopkins Chapter, D. A. R., and organizing president of Providence Chapter, Children of the American Revolution, died in Providence July 30. Mrs. Rose was active in numerous patriotic societies and in the Central Baptist Church.

Chief Justice Charles Evans Hughes and Mrs. Hughes spent their summer vacation touring New England, with leisurely stops at several places in the White Mountains. Mr. Hughes made a special visit to Providence early in September to attend a meeting of the University Board of Fellows and had his picture taken with President Barbour.

1883

Walter W. Burnham and Mrs. Burnham observed their golden wedding anniversary at their home in Providence, Sept. 3, 1935.

1884

George A. Loomis stepped out July 1 as clerk of the Fourth District Court, East Greenwich. He went into retirement because the State Democratic administration had a Democrat to put in his place. He became clerk in November, 1900, and his record in office has been a noteworthy one. "There's always a bright side to these things," he told a *Providence Journal* interviewer. "For instance, I can sleep as long as I please now on Sunday mornings." He will continue as Town Clerk of East Greenwich, which office he has continuously held for 42 years.

1885

Rev. J. Hugh Diman, O.S.B., has become headmaster of Portsmouth Priory School for Boys, Portsmouth, R. I. He had previously been prior of the Benedictine Community at the Portsmouth Priory. In announcing the change it was said that "the school is on the eve of a considerable expansion."

1888

1890

Frederick T. Guild, Registrar of the University, has begun his 45th year in the office to which he was named by President E. Benjamin Andrews '70.

1891

Frank L. Hinckley's mother, Mrs. Elizabeth Davis (Clarke) Hinckley, died in Providence, Sept. 9. She was 89 years old.

1893

Edward H. Weeks, president of Old Colony Co-operative Bank, Providence, was a representative to the Fifth International Congress of Building Societies held in Salzburg and Vienna, Austria, Sept. 1-5, last. The bank's executive committee made him a present of the trip to Europe in recognition of his 40 years of service, completed in July.

The Rhode Island Medico-Legal Society, of which Archibald C. Matteson is president, observed the 50th anniversary of its founding at a dinner and meeting in Providence, June 27.

1896

Dr. Edwin A. Locke, new director of health, physical education and the athletic program at Williams College, reports his mail address to be 226 Main Street, Williamstown, Mass.

Dr. George A. Matteson's daughter, Miss Phebe Ann Matteson, was married to

Dr. Frank B. Cutts, a Harvard graduate, at the summer home of Dr. and Mrs. Matteson, Hammond Hill, Saunderson, R. I., Aug. 31, 1935.

Judge G. Frederick Frost is in charge of the new Court of Domestic Relations, a part of the Superior Court of Rhode Island.

Judge John S. Murdock was elected a vice president of the University Club of Providence at the annual meeting last month.

1897

Francis B. Richards is living at 38 Gramercy Park, New York City.

John D. Rockefeller, Jr., has given to New York and New Jersey 7,000 acres of land along the Palisades on the Hudson river. He bought the land to protect the Palisades against encroachment by commercial agencies, and turned it over to the Interstate Park Commission with the request that it be preserved for park purposes.

1898

Dennis F. O'Brien's third son, Richard, is a member of the Class of 1939 at Brown. Paul was '27, and Kenneth '28.

Judge Howard B. Gorham, removed from the Sixth District Court of Rhode Island by the present Democratic regime, has filed a petition with the State Supreme Court holding that he was ousted on June 21 in violation of the provisions of the Rhode Island Constitution. Charles R. Easton '96, his associate on the Sixth District Court bench, is also a party to the petition.

Dr. Charles Carroll, chief of the Division of Promotion and Supervision of Public Education in the Rhode Island Department of Education, was nominated for the vice presidency of the National Education Association at the convention held in Denver, Colo., in July.

Five days after he resigned as Cranston's superintendent of schools, John K. Fenner died. The end came at his home on Sept. 22, just after his doctors had ordered him to bed for two weeks. An account of his career will be printed in the November issue of the *BROWN ALUMNI MONTHLY*. At the time of his resignation Mayor Sprague of Cranston said: "Mr. Fenner is an outstanding educator, and it is a public affliction when a man of his ability is required to quit because of

illness. I feel that the high standing of our schools is mainly due to his efforts."

1899

Mellinger E. Henry, vice president of the Southeastern Folklore Society, took part in the program of the White Top Folk Conference held in conjunction with the Southeastern group at Marion College, Marion, Va., during August. Henry and Mrs. Henry spent part of the summer in Montreat, N. C., an old and favored retreat of theirs in the western section of North Carolina.

Julian C. Chase's father, Dr. Julian A. Chase '86, believed to be the oldest practicing physician in Rhode Island, died in Pawtucket, Aug. 12, 1935. Death came to him in his office, where he had gone to do some writing. Another son is Robert D. Chase '11, and a grandson is Robert R. Chase '33, star halfback of the Brown eleven in 1931 and 1932.

Thomas J. Griffin is superintendent of the Attleboro Springs health resort of the New England Deaconess Association, Attleboro Springs, Mass. He is the first layman to have charge of the resort since the Deaconess Association took it over some years ago and made it into a rest home.

1900

Rev. John R. Humphreys, D.D., pastor of the Delaware Avenue Bethany Baptist of the Delaware Avenue-Bethany Baptist Church, Wilmington, Del., for the past six years, resigned in July with the request that the resignation become effective in mid-September. He said that he might accept a call to another church this fall.

One Long Hop Back

A NON-STOP flight record of 6400 miles was the eventual goal of James C. Prosser '19 and his flying mate, Gilbert Stoll, as they left the Municipal Airport at Cleveland last month on a leisurely trip to Bahia Blanca, 400 miles south of Buenos Aires. Once arrived in the Argentine, they were to make their bid for the record in a 70-hour straight-line trip back to Cleveland.

The previous world's mark for such a flight was that of Rossi and Codos, the French pair who made New York to Syria in one hop. Their most difficult hazard, the Americans said before leaving, would be a narrow pass in the Andes mountains, while a 1100-mile ocean hop would be another feature.

Australian Gold

FRED M. CHACE '29, geologist with Bendigo Mines, Ltd., Bendigo, Australia, in a recent letter to A. H. Gurney, Alumni Secretary, described a 5,000 mile trip by airplane to the interior of Australia and back to look into a new gold discovery reported northeast of Alice Springs, the terminus of the continental railway and headquarters for the police, stations, and mines for all Central Australia.

Of Tennants Creek, 380 miles north of Alice Springs, he wrote: "Tennants is about the roughest, toughest and most disagreeable place I've ever landed in. The boom camps in Ontario (Kirkland Lake and Timmins) are quiet, well-balanced villages compared to this place. It is hot, there are millions of flies, the food is terrible, and water is as scarce as gold nuggets the size of your head."

"During the trip I snapped ten rolls of film and accumulated a various assortment of boomerangs, spears, shields, wommeras, and canes carved out of mulga wood to resemble snakes. . . . I'll have to charter an ocean freighter to transport them back to good old New England."

FOOTBALL • Your local Bell Telephone Company can now furnish telephone and loud speaker facilities at reasonable cost for play-by-play descriptions of out-of-town games. The service is particularly suited for use by alumni groups and student gatherings. Just call the business office.

SWIFT, SKILLED, COURTEOUS SERVICE

SHE is one of 100,000 operators in the Bell System—local operators, special operators for the dial system, toll operators, information operators and many others—all specialists in giving you efficient telephone service.

The alert, friendly voice of the operator is familiar to all who use the telephone. Through the years it has come to mean more than a voice. It is the symbol of politeness and efficiency.

The manner of this service is as important as the method. Even a few words can reflect a business-like, courteous attitude.

The operators in the Bell System are carefully trained. But there is something more to it than training—a spirit of loyalty and of pride in rendering an important service. This spirit is ever-present—it has brought especially high commendation in time of emergency.

There are 270,000 workers in the Bell System. The 100,000 telephone operators are able to serve you as they do because of the specialized ability of 170,000 other employees—installers, linemen, repairmen, construction crews, engineers, commercial office workers and the many thousands engaged in research, manufacture and management.

Those We Mourn

1872

THE Alumni Office has confirmed report of the death of the Rev. William Cornelius Carr in Albany, N. Y., March 3, 1935. Mr. Carr was buried in Fall River, Mass., where he was born Dec. 13, 1848. After graduation from Brown he entered Newton Theological Institution, won his diploma in 1875, and held Baptist pastorates in Danielson, Conn.; Hyde Park, Ill.; Windsor, Vt.; Union Hill, N. J.; and Weedsport, Broadalbin, and Malone, N. Y. He also served in Glen Spey, N. Y., before removing to Albany shortly after the World War. He seldom answered letters, particularly letters concerning inquiries about himself, and the material about his life and career at the Alumni Office has always been meagre.

1878

CRAWFORD ALLEN NIGHTINGALE, for nearly 50 years assistant choirmaster at All Saints Memorial Church, died at the Jane Brown Hospital, Providence, July 14, 1935.

Born in Providence, June 13, 1856, the son of George Corlis and Mary G. (Henshaw) Nightingale, he prepared in the Providence public schools and took his Ph.B. degree with his class at Brown. He went from college into the cotton manufacturing business, in which he was engaged for most of his active life.

In 1889 he became assistant choirmaster at All Saints. In February, 1896, he and Howard Hagan organized the Choir Guild, and at the 36th annual meeting in 1932 he was elected president. During his term of service approximately 125 men and 500 boys were associated with him as chorists. The male choir of the church founded in 1858, is the second oldest in the United States.

Nightingale's other great personal interest was the Rhode Island Hospital, of which he had been a member of the Board of Trustees since 1896. He visited the sick at the hospital nearly every Sunday afternoon for many years. It was a rare occasion when he was unable to make his friendly round of calls.

A bachelor, his nearest survivor is Mary N. Foster, a niece, of Providence. His fraternity was Psi Upsilon.

1880

THE Secretary records with regret the death of George E. Perry at his home in Warwick, R. I., July 29, 1935. Perry was a member of the Class during part of Freshman year. He had been station agent for the Rhode Island Company and then the United Electric Railways at Warwick for 46 years and was engaged in his work until the day he was stricken. He was a member of King Solomon Lodge of Masons, the Warwick Lambskin Club, Warwick

Grange, and was a deacon of Shawomet Baptist Church. Five sons survive.

1880

GEORGE WEST STONE, former minister, died in Hollywood, Calif., July 23, 1935. He came to Brown as a Junior from Bucknell, but was not able to win his degree because of illness.

Born in Waymart, Pa., June 25, 1855, the son of Samuel and Eliza (West) Stone, he was a descendant through both parents of early Rhode Island settlers. He prepared at Keystone Academy, Factoryville, Pa., and was a student at Bucknell for two years. In his Sophomore year there a disruption in the Faculty led to the withdrawal of many students; and seven men from three classes transferred to Brown.

A student pastor in Pennsylvania during summer vacation, he suddenly found himself one Sunday in the middle of a diphtheria epidemic. He spent nearly five weeks night and day caring for the sick, and the strain upon his nervous system was so great that he could not sleep or eat. In this condition he resumed his studies at Brown, kept his rank in his classes for a year, and then had to give up. He traveled for a time in the West, spending months in the open air in Colorado and gradually getting back into condition. After a year of private study and as a supply pastor he took charge of the Baptist church in Alpha, Ill., and was ordained there in January, 1881. He continued in the ministry until October, 1913. After the death of his first wife in 1918 he removed to Hollywood, where he went to work for *The Hollywood Daily Citizen* as stock clerk.

"At the age of 75 years I am still able to perform useful services," he wrote in 1930. He also found satisfaction in the fact that he had given thirty years of his life to religious work in spite of physical handicaps and discouragements. He retired in June, 1932, as a result of a heart attack. His first marriage took place Dec. 2, 1897, to Miss Emma Iddings, who died Feb. 20, 1918. Four years later on Feb. 28, 1922, he married Harriet Nelson, who died Aug. 24, 1931. Surviving are three sons and two daughters by his first wife. His oldest son, Harris G. Stone, is a graduate of University of Minnesota.

1894

EDGAR SMILEY NASH, editor and art critic, died suddenly of a heart attack in Beach Haven, N. J., Aug. 17, 1935. He was attending a dinner at the house of a neighbor when he was stricken. His passing is a real loss to Beach Haven, where he was a leader in social and dramatic activities.

Born in Philadelphia, July 6, 1872, the son of Dr. Joseph D. and Florence (Smiley) Nash, he was a direct descendant of William Paca, one of Maryland's two signers of the Declaration of Independence. He

prepared at Worcester Academy, and after graduation from Brown joined the staff of the *Philadelphia Record*, of which he became assistant managing editor. From 1898 to 1901 he was an associate editor of the *Saturday Evening Post*. He also served as art editor of *Leslie's Monthly Magazine* before he became a salesman in the printing and publishing department of the Beck Engraving Company, Philadelphia and New York, of which his father-in-law was president. He was with this company until his death.

A summer resident of Beach Haven for 45 years, he was president of the Beach Combers, the dramatic society. He was also director of the Boy Scouts of America in Delaware and Montgomery Counties, Pennsylvania, and a member of Friendship Lodge of Masons of Jenkintown, Pa., the Brown Club of Philadelphia, the Union League Club, and Alpha Delta Phi. During the World War he led the Wyncote, Pa., Troop of Boy Scouts in selling more than \$1,000,000 in Liberty Loan Bonds. He made his permanent home in Wyncote, where he was active in civic affairs.

He was married Oct. 30, 1895, to Miss Florence deL. Beck, who survives, with a son, Charles E. Nash, and a daughter, Miss Mary Elizabeth Nash.

1895

REV. WILLIAM WALTER BUSTARD, D.D., famous as baseball and football player in his college days and for many years the favorite minister of John D. Rockefeller, Sr., died in Del Mar, Calif., June 25, 1935. In recent years he had been touring the country as evangelistic and Bible conference lecturer.

He was minister of the Euclid Avenue Baptist Church, Cleveland, from 1909 to 1925, and in that period Mr. Rockefeller was his best known parishioner as well as his close friend and admirer. "Handsome Billy" Bustard was the name given him by fellow Brunonians, and he lived up to it. Six feet tall, with fine features and fine figure, he drew attention wherever he went. And he was a crusader who fought with courage, intelligence and consistency.

Born in Paterson, N. J., Aug. 20, 1871, the son of Robert and Sarah F. (Matthews) Bustard, he prepared at South Jersey Institute, spent his Freshman year at Colgate and then transferred to Brown, where he shone as first baseman on the Varsity nine, at fullback on the eleven, and as a boxer. From Brown he went to Newton Theological Institution, and after being ordained as a Baptist minister took his first charge at Amesbury, Mass. Then he went to the Dudley Street Baptist Church, Boston, where he attracted attention by dropping the word "obey" from the marriage ceremony.

Going to Cleveland in 1909, he built the Euclid Avenue Church into one of the largest and strongest Baptist churches in the Middle West. He crusaded against open saloons on Sunday, and in carrying on this fight had his house stoned, his life threatened, and some of his parishioners menaced. But he won, and continued the fight against vice in company with Tom Johnson, Newton D. Baker and other crusaders of the day.

He resigned in 1925 because of ill health, rested a year, and then began his evangelistic work which took him into many parts of the United States. In 1920 he had been

invited to be co-pastor of Tremont Temple in Boston, had accepted, and suddenly declined. For four years he was associated with the Tenth Avenue Baptist Church, Oakland, Calif. In 1921 Brown conferred the honorary degree of D.D. upon him, President Faunce citing him as "preacher, organizer and Christian leader, who has joined simple faith to virile action." Surviving are his wife, Mrs. Helen Newcomb Bustard, and a sister, Mrs. Lily Bustard Magee of Passaic, N. J. His fraternity was Beta Theta Pi.

1897

SERIL CLEMENCE ARMSTRONG, attorney with the Title Guarantee Company of Rhode Island, died at his home in Chepewanoxet, Sept. 13, 1935, after an illness that had confined him since last July.

He was born in Slatersville, R. I., Dec. 4, 1875, the son of Albert M. and Sarah A. (Clemence) Armstrong. He entered Brown from Mowry & Goff's School, Providence, and after private study became a member of the Rhode Island bar in 1901. In the early years of his practice he was associated with Thomas J. Dorney, well known as a criminal lawyer and in Democratic politics. He had been in the legal department of the Title Guarantee Company for about 15 years.

He was a charter member of the Kent County Bar Association and a member of King Solomon's Lodge of Masons of East Greenwich. He was married May 3, 1910, to

Miss Harriet Main, who died March 22, 1933. Two sisters and a brother survive.

1899

WILLIAM PRATT COMSTOCK died in Warwick Neck, R. I., Sept. 7, 1935, after a short illness. He was secretary and treasurer of the Comstock Land Company, with which he had been affiliated for many years.

Born in Providence, Feb. 17, 1877, the son of Richard W. and Cornelia B. (Pratt) Comstock, he came to Brown from the University Grammar School. After graduation he joined the Perkins Land Company, Providence, as a salesman, and continued in real estate and investment work throughout his life.

He was married April 10, 1901, to Miss Mary Barstow Cooke, who died Nov. 28, 1931, leaving a daughter, Alice Evelyn Comstock. His second marriage took place June 22, 1932, to Mrs. Irene L. Skidmore, who survives, with a sister, Mrs. Clarence S. Brigham of Worcester, Mass., and the daughter. He was a member of the Hope Club, Agawam Hunt Club, Warwick Country Club, and Psi Upsilon.

1900

JOHN MOWRY CAPRON died suddenly at his home in Mt. Vernon, O., July 15, 1935. He was an organizer of Overseas Lodge of Masons, the only Masonic group of its kind, which came into being while the American Army of Occupation was in Germany in 1918-19.

Born in Stillwater, R. I., Oct. 30, 1879,

the son of the late Congressman Adin B. Capron and Phebe A. (Mowry) Capron, he came to Brown from the University Grammar School and majored in engineering. On graduation he went to work for the New Haven Railroad as a civil engineer at South Station, Boston, and remained there until 1907. Then he resigned to go back to Stillwater to take over the family grain business.

After the United States entered the World War he signed with the Y. M. C. A. as an overseas secretary. He served in France and with the Army of Occupation, returning to the United States with a detachment of that army in August, 1919. From January, 1920, to May, 1921, he was an engineer with the Chapman Engineering Company. Since May, 1921, he had been purchasing agent for the C. & G. Cooper Company, Mt. Vernon.

He was married Oct. 10, 1905, to Miss Lucia W. Williams, who survives, with two sons, Adin B. Capron '28 of Beaver, Pa., and Benjamin W. Capron; a sister, Miss Helen M. Capron of Stillwater, and a brother, Adin M. Capron '04 of Limerock. His fraternity was Delta Phi.

1905

FLOYD SMITH DOUGHTY, well known on the track in his undergraduate days and former physical director, died in Oak Bluffs, Mass., July 22, 1935, as a result of a heart attack. At the time of his death he was proprietor and manager of the Providence House at Oak Bluffs.

Born in Providence, June 27, 1880, the son of Frank N. and Amanda F. (Smith) Doughty, he prepared at Classical High School and was a special student at Brown for two years. He won his letter in track, but most of his reputation as a runner resulted from his exploits in Y. M. C. A. colors. After leaving college he was physical director at Lincoln College in Illinois, superintendent of the Providence Boys' Club, and track coach at Newport, N. H., High School. He also went on tour with a musical comedy company and was active in various lines until a few years ago when he took over the management of the Providence House, which his father built in 1900.

He was married three times. Surviving are his widow, who was Mrs. Anna St. John Lemay and whom he married Oct. 6, 1929; two sons and four daughters; and three brothers and four sisters. He was a member of the Odd Fellows.

JASON OSBORNE COOK, superintendent of schools of Amherst and Pelham, Mass., since 1920, died suddenly at Dickinson Hospital, Northampton, June 18, 1935. Dr. Payson Smith, Commissioner of Education for Massachusetts and nearly fifty school superintendents of the State attended the funeral to attest to the esteem in which Cook was held by them as educator and friend.

Jay Cook was born in Plymouth, N. H., Oct. 12, 1881, the son of George P. and Elizabeth (Page) Cook. He came to Brown from Kimball Union Academy and as undergraduate was manager of the 1906 baseball team, business manager of *Liber Brunensis*, Junior Marshal, and class treasurer. He also belonged to the Civics Club, the Sketch Club, and Chi Phi, now Sigma Chi. "In a quiet way he has accomplished more work than four or five ordinary men," the *Liber* said.

After a year with the Hampton Advertising Company in New York, Jay turned to teaching, and for two years, 1907-08, was a member of the staff of Portsmouth, N. H., High School. Then he studied for a year at Harvard Law School, went to the Holyoke High School in 1910 as head of the History Department, to Kimball Union Academy in 1918, and to the Amherst High School as principal in 1919. Then, in 1920, he became superintendent of schools of Amherst and Pelham. During the summer, from 1913 to 1919, he managed hotels in New Hampshire.

He had an active and intimate interest in Kimball Union Academy. He served as president and vice president of the Board of Trustees, was secretary for 20 years of the Boston Alumni Association of the academy and president of the association at the time of his death. He was a member and former deacon of the First Congregational Church of Amherst, organizer and charter member of the Amherst Rotary Club, member of Pacific Lodge of Masons, past high priest of Amherst Royal Arch Chapter, and member of Unity Lodge, Order of the Eastern Star, New England and Massachusetts Associations of School Superintendents, and New England Association of Colleges and Secondary Schools. He received his A. M. from Brown in 1907. He also held the degree of Master of Education and a superintendent's certificate from Columbia.

Jay was married July 15, 1911, to Miss Marjorie W. Stevens '08, who survives, with two daughters, Miss Marjorie W. Cook, and Miss Janet M. Cook, who was graduated from Smith College last June; a son, Jason O. Cook, Jr.; a brother and two sisters. "He was one of the best loved men in Amherst, always sympathetic, and interested in all the teachers and children, especially the under-privileged children and their families."

1907

RAYMOND GOODWIN VON TOBEL was killed in a motor car accident at Bethel, Vt., July 9, 1935. Mrs. von Tobel, Miss Harriet von Tobel, and a friend, Miss Kathleen Cook, who were also in the car, escaped with shock and minor injuries.

Von Tobel, principal of Ballard Normal School, Macon, Ga., was born in Terryville, Conn., June 15, 1884, the son of William and Nellie H. (Goodwin) von Tobel. He came to Brown from Crosby High School,

Waterbury, and as an undergraduate gave himself wholly to his books. Graduating with a Ph.B. degree in 1907, he became a teacher in the high school section of the Ballard Normal School. He resigned in 1910 to go to Fort Yates, N. D., as principal of the Indian school there.

He returned to Ballard as principal in 1914 and held the place at the time of his death. In the summer of 1926 he studied education at Harvard and in 1931 took special courses at the University of Georgia. He was married June 15, 1909, to Miss Flora Evelyn Bromley of Providence, who survives, with the daughter, Harriet Frances, who is 13 years old. Von Tobel was a nephew of Dr. Charles W. Goodwin '97.

1916

PAUL LEWIS RUSSELL, insurance broker, died of a heart attack at his home in Old Greenwich, Conn., Aug. 22, 1935. He became active in insurance work shortly after the World War and continued in it until his death.

He was born in Plainfield, N. J., Sept. 4, 1891, the son of Dr. William L. and Addie (Lewis) Russell. He prepared at Riverview Academy, Poughkeepsie, N. Y., and as an undergraduate at Brown was a member of the swimming team, the football squad, the Brown Musical Clubs in his Freshman year, and a Commencement Marshal in Junior year. From college he went to work for the Corning Glass Works, Corning, N. Y., as assistant physicist. He resigned to enter the 2nd Plattsburg Training Camp, received commission as Captain, and took part in organizing the Third Regiment, Motor Mechanics. He also assisted in establishing the replacement camp at Camp Lee, Va.

On his honorable discharge in February, 1919, he became an insurance representative with the United States Sugar Equalization Board. In 1921-22 he worked for Chubb & Son, marine underwriters, and then launched out for himself as a general insurance broker in New York City. He took special courses on marine and life insurance at New York University in 1920 and 1928, respectively, and studied fire insurance with the New York Board of Fire Underwriters. He was a member of the Life Insurance Underwriters, the Brown University Club in New York, the Alpha Delta Phi Club of New York, and the University Club, White Plains.

He was married Sept. 20, 1920, to Miss Katharine Bell, who survives, with two sons, William L. Russell, 2nd, and Paul L. Russell, Jr.; his parents, and two brothers. His father is medical superintendent of Bloomingdale Hospital in White Plains.

1933

THOMAS JOSEPH BASSETT, who received the Bachelor of Education degree from Brown in 1933, died in Providence, Sept. 2, 1935, after an operation. He had been a teacher in the Providence public schools and the Rhode Island School of Design for the past 16 years.

During the World War he served 14 months with the A. E. F. in France as a member of the 30th Field Hospital Corps, Fifth Regular Division. At the time of his death he was an officer in the Army Reserve. He also belonged to Providence Lodge of Elks. Surviving him are his widow, Mrs. Minnie (Haas) Bassett, three sons, his parents, who live in Leominster, Mass., where Mr. Bassett was born, Feb. 27, 1895, and two brothers.

Pembroke Chronicle

BY GERTRUDE ALLEN McCONNELL '10
Executive Secretary of the Alumnae Association

MORE applications for admission to the Freshman class than ever before in the history of Pembroke College have been received this year, according to Miss Eva A. Mooar, director of admissions and personnel. A quota of 150 students for the Freshman class will nearly be reached.

In her capacity as director of admissions, Miss Mooar has personally interviewed more than two-thirds of the entering class during the past few months. The work has taken her throughout New England and Central Atlantic States.

Admission to Pembroke is based on as complete a knowledge as possible of the qualifications of each applicant. Such knowledge is obtained, as has been the custom at Pembroke for several years, by examination of the secondary school records and recommendations presented by each student. In addition, a personal interview is arranged whenever possible. The results of psychological tests given each student by the college also are considered in the admission requirements.

The number of students transferring to Pembroke College from other institutions is smaller this year than it has been in the past, Miss Mooar said, because more careful selection has been made among those applying for transfer to Pembroke.

Miss Mooar estimates that at least one-half of the entering class has already visited the college and Providence during the past two years. It is believed that the larger proportion of students will come from New England, as in the past, but that a somewhat smaller number will come from Rhode Island than has hitherto been the case. The actual number of students entering Pembroke from private preparatory schools is slightly larger than that of last year, Miss Mooar reports.

* * *

SEVERAL changes have been made in the staff of Pembroke College this fall. In the department of physical education, Miss Shirley Eddy has been appointed to the post made vacant by the resignation in June of Mrs. Edward Rounds. At East House on Meeting Street, re-opened as the result of increased enrollment of girls from out-of-town, Miss Francoise Courtois is to be assistant house mother in charge of the students living there. She will also continue as assistant to the registrar of the college.

During the summer, rooms in Miller Hall and in Bowen House have been re-decorated. Bowen House and Sharpe House, the two co-operative houses, will be operated by Mrs. Helen W. Stutes and Miss Elizabeth J. Ruggles, respectively; Miller Hall and Metcalf Hall will again be under the direction of, respectively, Miss Frances T. E. Boyd and Miss Emily S. Paddock.

As the new athletic field for Pembroke College on the site of the former Aldrich estate will not be ready for use until next spring, the department of physical education under the direction of Miss Bessie H. Rudd plans to use a small field on Cushing Street, formerly used for fistball and other informal sports.

Miss Eddy, new recruit in the departmental staff, will have charge of the work

of corrective exercise and of tennis and swimming. She is a graduate of Smith College with the class of 1930, has studied at the Bouve-Boston School of Physical Education and has received her master's degree in physical education from Teachers' College, Columbia University. She has taught at Smith and at Windsor School, Boston.

Alumnae Daughters

AS the MONTHLY goes to press, five Alumnae daughters are enrolled in the Freshman class. They are Elizabeth Crowley, daughter of Bessie Lahey Crowley '05 of Pawtucket; Alice Bartlett, daughter of Alice Tillinghast Bartlett '06 of Lansdowne, Penn.; Dorothy Rice, daughter of Nettie Butler Rice '09 of Providence; Janet Shaw, daughter of Mildred Crumley Shaw '12n of New Bedford; and Barbara Hurlin, daughter of Helen Wood Hurlin '14 of Jackson Heights, New York.

DEATHS

Ethel Garvin, daughter of the late Dr. Lucius F. C. Garvin, former governor of Rhode Island, and Dr. Lucy Waterman Garvin, died on July 6, 1935. Miss Garvin entered Brown in 1893 as a special student to study the profession of librarian. She left in 1897 to study at the State Library School in Albany and graduated from there in 1899. For two years she was a member of the staff in the public library in Northampton, Mass., and left there to take charge of the art and industrial department of the Providence Public Library. In 1925 she resigned because of ill health. Miss Garvin lived in Lonsdale for the greater part of her life and took an active part in community and church work. She was also deeply interested in everything which concerned Pembroke College. She is survived by her sister, Florence, who was also a special student at Brown.

Alida Green Hart '05, wife of Edmund Percival Hart, died suddenly in Hornell, N. Y., on July 14, 1935. The cloudburst which caused a flood in that section of New York in which she lived, did not spare her home. With the water steadily rising on the first floor, she and the members of her

family carried many of their belongings to the floor above. In pulling out a wall plug to disconnect a lamp, she received an electric shock which instantly killed her.

Mrs. Hart was the daughter of Luke and Olive Monroe Green. She was born in Alfred, New York, and prepared for college at the Hornell High School. She married the year that she graduated from Brown. In addition to her husband, she is survived by four children. Mrs. Hart always maintained her membership in the Alumnae Association and was a loyal member of her class. Her last visit at college was on the occasion of the 25th anniversary of her class, when she returned with great enthusiasm.
